Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-38, 58-95, and 144 drawn to database access management, classified in class 707, subclass 1.
 - II. Claims 39-52 drawn to placing information in a trust, classified in class 715, subclass 741.
 - III. Claims 96-109, and 142-143 drawn to formation of a legal entity, classified in class 705, subclass 500.
 - IV. Claims 110-126, drawn to a virtual trust system, classified in class 705, subclass 51.
 - V. Claims 127—139, drawn to an electronic medical information record, classified in class 283, subclass 900.
 - VI. Claims 140-141, drawn to accessing medical records, classified in class 705, subclass 3.
2. The inventions are distinct, each from the other because of the following reasons:
3. All inventions are related as different methods and different apparatuses for their practice. The inventions are distinct if it can be shown that either: (1) the methods as claimed can be practiced by another materially different apparatus or by hand, or (2) the apparatuses as claimed could be used to practice materially different processes. (MPEP § 806.05(e)). In this case, each of the different methods as claimed can be practiced at least partially by hand.

Art Unit: 3621

4. Because all of these inventions are distinct and because the search required for any one Group is not necessarily required for any other Group, restriction for examination purposes as indicated is proper.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement is traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
